# Summer Exploratorium with Miss Gina

## Let's Explore the Summer Together!

Miss Gina has worked at Montecito in the Pre-K young fives, the fours, and the twos programs for over 3 years. Over the past 2 years, she has also been a Site Director for an after-school program and curriculum planner for Kindergarten. Miss Gina has many years of prior experience in programs involving children, including teaching in special needs programs, and she has 72 ECE units and graduated with honors magna cum laude in Child Development.

In this Summer Exploratorium camp, Miss Gina will use hands-on child-directed activities and emergent curriculum, incorporating our summer camp themes and including the children's interests, and building off their ideas to scaffold and extend their imagination. This camp will also include project base activities with multiple steps that the children will continue over two days each week, using many different materials and props. The children will explore:

- The life cycle of butterflies
- Making healthy snacks while preparing/trying new food creations
- Build & experiment with wood & ice sculptures
- Creating imaginative stories w/social dramatic play
- Participate in a relay, obstacle course & create their own summer games
